The letter and the charts look good. Could someone add this notice to the document with the addresses:

DO NOT RELEASE: THIS DOCUMENT CONTAINS PERSONAL INFORMATION WHICH IS PROTECTED UNDER FOIA

Thanks, Andy

Andy,

As discussed yesterday, here's the current version of the draft letter. We may add an Ohio contact to whom the sampling results should be sent. Once I hear back from R5 about that, we'll be calling it the final draft and sending it up to the 16th floor for review and heads up. It definitely won't be signed until after the Monday conference call with Andrew Hartten.

I've attached the table of sample sites, both the full version and the redacted version that would be posted on the web. As of late yesterday, Joan was still shooting for posting the data by tomorrow.
